CUTICURA REMEDIES for the Treatment of Blood and Skin and Scalp Humors. When of Serofulous, Cancerous or Syphilitic origin, the CUTICURA RESOLVENT is the principal temedy, and if there are at the same time Ulcers, Sores or other External Affections, then the CUTICURA, assisted by the CUTICURA SOAP, must be used externally. If the disease is of the Skin and Scalp, the principal remedy will then be the CUTICURA, with the CUTICURA SOAP, and such use of the RESOLVENT as is suggested by the following conditions: In all Skin and Scalp Diseases, when the skin is hot and dry, the blood feverish, the liver torpid, the bowels constituted, or when the virits of Scrotula or poison of kiercury is known to lurk in the system, or when the Constitution has been shattered by Maisrial and Anti-Periodic Fevers and Debilitating Diseases, always take the RESOLVENT while using the CUTI-

ECZEMA RÖDENT.

The Cuticura Remedies Succeed where a Consultation of Physicians Fails. sintered over thirteen years will. Skin dhease in my hands and limbs, causing constant tritation, depriving me of rest and attention to business.

I sought many remedies here and elsewhere, also use of sulphur baths, without permanent cure.

Last May a physician called my disease Eczema Bodent—spots appeared on my hands, head, and face, eyes became much inflamed and granulated, causing at length impaired sight.

Internal and external remedies were prescribed by a leading physician for six months, was then intro-duced to another, and a consultation of several lead-ing physicians was had, when a definite plan was de-cided upon, but all to no purpose.

After following advice for four months without any permanent cure, I bought two bottles of Cuticura Resolvent, two boxes of Cuticura, and some Scop, and can testify with great pleasure to the effect they have had in my case, in eight days being nearly cured.

The physicians pronounced my case the most aggravated one that has ever come under their experience and practice.

I recommend and highly indorse the Cuticura Remains. Yours trult.

F. H. DRAKE.

SALT RHEUM.

n Face, Head and Parts of Body. Head Messrs. Weeks & Potter: I commenced to use your CUTICURA last July. Have only used one large and one small box, and one bottle of the RESOLVENT. M face and head and some parts of my body were almost raw. My head was covered with scabs and sores, and my suffering was feerful.

I had tried everything I had heard of in the East and West. My case was considered a very bad one. One very skillful physician said he would rather not treat it, and some of them think now I am only cured temporarily. I think not, for I have not a particle of Salt Rheum about me, and my case is considered wonderful. My case has been the means of selling a great many of your CUTICURA REMEDIES in this part of the country. Respectfully yours,

MRS S. E. WHIPPLE.

CUTICURA. Patented Oct. 2, 1879.

Is the highest achievement in the manufacture of Gold Pens and the result of experiments for more than twenty years. The "RECORD" Pon is produced by a skillful combination of the two precious and non-corosive metals; 16 kr. Gold and Platinum, while the ordinary gold pon contains an alloy of copper, reducing its fineness with out yielding that elasticity, density and steel like temper which the costly Platinum supplies. The "RECORD" Gold Pen Points are of the best Indiam. (Diamonds.) indestructible with Sistreatment, and polished to glass like amoothness. Steel pen writers have now every objection to gold fairly overcome, and every requirement in a Pen which will endure and not exidize, squarely met. The "RECORD" Gold Pen is guaranteed to possess Durability, Permanency of Spring and Perfection of Point. Price, \$2.50, sold by all Jew elers and Stationers in the United States. If not found order direct from JOHN HOLLAND, Manufacturer, 19 W. 4th St., Cincinnati.

45 Worth Street. NEW YORK, August 1, 1879.

NEW YORK. Angust 1. 1879.

In order to avoid danger from the maiady now extisting in the Mississippi Valley, we have deemed it better for both our customers and ourselves to Temporanii. close our Memphis bouse, and solicit jour orders for Dry Goods, Notions, Clothing, Men's Furnishings, etc., from our office in New York. The advantages which this city can furnish in transportation facilities, in case Louisville, Cincinnati and St. Louis should also become (not improbable) isolated by rigid quarantines, induces us to adopt this policy, in order to furnish our friends with a more reliable assurance for obtaining their supplies. We will endeavor to faithfully fill any orders with which you may intrust us. Flease address, with specific snipping directions, Wm. R. Moore & Co.

Extract from Letter of the U.S. Trensury Benartment: "In conformity with you quest the Secretary of State was asked to cause a thorough inquiry to be made into the matter by our sail at Cologne, who concludes his report as follows: "I therefore state that it is my opinion, formed what I consider a careful and painst king investigation, that the apollinaris Water, bottless at the Apolity of the Consults of the United States, is beyond question a Natural Museral Water, evidence which accompanies the Consults dispatch abundantly sustains his conclusion that the Apolit Water, as imported, is a Natural Mineral Water."

This evidence was given after thorough examination by such amineral scientials of the Cut World. This evidence was given after thorough examination by such eminent relentiats of the Old World as PROFESSOR A. W. HOFM and, F.R.M. of the University of Berlin, Mandet of the Science Life Department of the Kingdom of Practic, Vice President of the Chemical Society of Germany, the PROFESSOR W. OLD NO. Processor of Chemistry at the University of Germany, Judgent the Centennial Exhibition, Philadelphia, etc., etc. And others.

A spurious auticle, purporting to be the genuine Apollinaris Water, being offered to the public, we warn all buyers to be sure that each and every bottle bears the Xeltow Lubel, and the same of FRED. DE BARY & CO., New York, Sole Agents.
